service, learning and reflection

Trips to Back Bay Mission are a unique blend of service and learning focused not only on providing faithful service to the poor and marginalized, but also on educating participants about the mission of the Church and how that mission is rooted in our faith.

Volunteers at the Mission have the opportunity to serve through key programs such as:

Our emergency assistance and food pantry programs, which provide essential supports such as utility relief, food and rental assistance.

The Micah Day Center, which provides multiple services to homeless guests at a single site, such as showers, laundry, access to telephones and the internet and case management.

Our housing rehabilitation program and affordable housing initiatives, rehabilitating existing homes and increasing affordable housing options for the Gulf Coast's low-wealth residents.

At Back Bay Mission, mission trips are about much more than just the work that gets accomplished. Groups also deepen their faith and their relationships while exploring matters of social justice and experiencing a new culture. Recreational opportunities are also plentiful along the beautiful Mississippi Gulf Coast.
